Assessment

As stated in our Student Code of Conduct, we believe that a person's value is not found in the marks or results the world attributes to them, but that each person has a unique role to play in the Body of Christ. However, where formative and summative assessment takes place, it is important that principles of integrity and accountability are upheld. The policy below outlines:

- Where information about assessments can be found
- The different types of assessment that take place
- What happens if you submit a piece of work late

UWL Policy

Nexus ICA policy is in line with the UWL policy for Conduct of Assessment and can be found within section six of the Academic Regulations here:

Nexus ICA Processes

Nexus ICA processes differ from the UWL processes stated in the above policy in the following ways:

- Should reasonable adjustments be required, as per section 6.1.11 of the above policy, you should speak to the Head of Student Wellbeing or a member of the Course Management Team.

Should a student need to apply for an extension, they should refer to the [Extensions \(Exceptional Circumstances\) Policy](#)
