Academic Regulations

Nexus ICA's intention, as set out in the Student Code of Conduct, is to create an environment where all students are able to reach their potential. This takes place primarily through the Christian ethos of preferring one another, demonstrated through collaboration and humility, but is also facilitated through structures and systems that are designed to promote success. The regulations below outline:

- How academic processes work within Nexus ICA and the University of West London
- The academic concerns of admissions, enrolment, tuition fees and attendance
- How assessments and examinations take place
- What to do if you need to retake or resit a module
- What awards are available and how they are calculated, including your degree classification
